## **PIL recognised by MPA for contributions during COVID-19 pandemic**

PIL is indeed honoured to be recognised by the Maritime and Port Authority of Singapore (MPA) as one of 54 partners who contributed to overcoming the challenges posed by the pandemic.

Goh Chung Hun, Head of Fleet at PIL, received the MaritimeSG Care Awards (COVID-19 Resilience) 2023 on behalf of PIL from Minister for Transport Mr S Iswaran, at the Appreciation Reception on 1 March 2023. The award was presented to PIL for its unwavering dedication and partnership with MPA and the maritime sector in the fight against COVID-19.

PIL would also like to congratulate the other 53 award recipients from across the union and various industries, and thank them, as well as MPA, for their support to PIL. Their outstanding collective efforts have certainly also helped PIL in caring for its seafarers and managing vessel operations during the pandemic.
