PIL's lady seafarers take on challenges

PIL pays special tribute to its team of lady seafarers on this International Day for Women in Maritime. Despite being women, these seafarers go about their days aboard vessels working well and positively alongside other colleagues. They take on challenges, do the heavy lifting and solve technical problems. In this short video, we feature three PIL lady seafarers – Singaporeans 2nd Officer Christina Tan and Deck Cadet Nur Amirah Binte Ahmad Mushaff; and Indonesian 4th Officer Sabrina Sinaga.

To all PIL's lady seafarers, wishing you safe journeys ahead and Happy International Day for Women in Maritime!
