## **Kota Raja commended by U.S. Coast Guard**

23 JUN 2023

PIL is pleased that the crew of its 777 TEU Kota Raja, led by Master Capt Zheng Minjian and Chief Engineer Zhu Guangming, was commended for their professionalism, knowledgeability and commitment to safety when the U.S. Coast Guard conducted a port state control examination on the vessel in the Port of Guam on 15 June 2023.

In a press statement issued by the U.S. Coast Guard on 22 June 2023, Chief Petty Officer Mr Rod Bawar, who led the examination, commented, "The ship's crew demonstrated exemplary cooperation, ensuring a smooth and successful examination process. Their commitment to upholding safety standards reflects their dedication to protecting the port and maintaining a secure maritime environment."

Well done to Capt Zheng, Chief Engineer Guangming and all sea colleagues of Kota Raja, for setting an exemplary example in conveying PIL's focus on safety, security and sustainability. Please keep up the good work!
