### **PIL sponsors 137 containers for Singapore's 58th National Day Parade**

You might have already seen our containers around at The Padang as well as in the heartlands, but did you know this is PIL's 8th year supporting Singapore's National Day Parade (NDP) for their logistical needs?

Being a Principal Partner for this year's NDP, PIL is thrilled to sponsor the organising committee with 130 general purpose containers and 7 refrigerated containers to store essential items that make the actual parade and heartland festivities a reality, such as props, fun packs, and even fireworks!

Besides The Padang, our sponsored containers can also be found in Bedok, Jurong West, Toa Payoh, and Woodlands to support the GetActive! Singapore Heartland Festivals that aim to bring NDP closer to more Singaporeans!

As Singapore's home-grown shipping line, we are proud to contribute towards this annual celebration since 2015. Outside of NDP, we will continue to work closely with Singapore to reaffirm the country's status as an international maritime centre
