PIL Celebrates Singapore's National Day with Families!

Yesterday, PIL celebrated Singapore's 58th birthday alongside the nation at our new Singapore head office in Guoco Midtown. This is our first National Day celebrations at the new premise since we first moved here in April 2023.

Our staff brought along their families and loved ones to join in the celebrations over a sumptuous feast and a live telecast of the National Day Parade. They even managed to get a bird's-eye view of the widely-anticipated fireworks segment from the comforts of our office space!

At PIL, we work hard, and we also have fun together. As we remain devoted to delivering the best services to our customers, we also put priority in our staff welfare by creating a positive, family-like work environment through fun-filled initiatives like this!
