Reaching out to students in Kenya

🏢🎓 Earlier this month, our colleagues from PIL Kenya visited the Kisauni Vocational Training Centre to share more about career opportunities at PIL. Located in the Kenyan city of Mombasa, the Centre offers courses and training in technical and business education to help many less-privileged students gain meaningful employment.

🗣️👥 At this career talk, the PIL Kenya team introduced the company and shared their career experiences to an enthusiastic group of 70 students between 18 to 35 years old, undergoing the Maritime & Logistics course at the Centre.

🚢🌐 The team was heartened by the students' eagerness to learn and their passion for the maritime sector. Beyond "Driving Connectivity" for our customers, PIL is also committed to "Driving Connectivity" for the future generation to come on board our exciting industry!
