PIL participates in sixth China International Import Expo

🌐 PIL is thrilled to be participating in the China International Import Expo (CIIE) once again this year, as part of a business delegation led by the Singapore Business Federation!

📍 Held at the National Exhibition and Convention Center in Shanghai, CIIE is the world's largest import-themed expo that brings together governments and business communities to promote global trade and world economic growth. This is the sixth edition of CIIE, which started on 5 November.

🤝 This year, PIL is among the 56 Singaporean companies that are exhibiting under the Singapore Pavilions. The theme for the Singapore Pavilions, "Singapore-China: Advancing Future-Oriented Partnership" (新中致远，共创前瞻未来), reflects the thriving partnership between China and Singapore marked by consistent growth and cooperation.

👤 On 6 November, we were honoured to have Singapore's Minister of State for Trade and Industry Low Yen Ling visiting our booth, where Managing Director of PIL China Anderson Luo shared more about our business operations in China and beyond.

🗣️ Over the past few days, the PIL team, including our Executive Chairman Mr S.S. Teo, have been enthusiastically welcoming visitors to our booth, introducing our services and solutions, and answering any queries that they might have.

🏢 PIL's continued participation in CIIE is testament to our commitment in the China market. This expo is a valuable platform for PIL to showcase what we can offer, so that we can work towards "Driving Connectivity" with partners and organisations in China and beyond!

📍 CIIE will continue until 10 November 2023, and PIL can be located at booth A5-03-04, Hall 8.2 (Trade in Services Hall).
