Implementation of Operational Exigency Charge (OEC)

29 December 2023

With the dynamic security and operational situation in the Red Sea, PIL will be implementing an **Operational Exigency Charge (OEC)** for all cargo arriving at, departing from and transiting the affected ports within the Red Sea region¹ with effect from loading date at port of origin, 5 January 2024.

Please see the table below for the OEC charges (amounts in USD)² applicable to all laden containers, arriving at, departing from and transiting the affected Red Sea ports, and will remain until further notice.

This surcharge is to be collected together with Ocean Freight (OFT) unless otherwise stipulated on your shipping instruction.

20' Dry / Reefer	40' Dry / Reefer	Effective Date (Loading date at port of origin)
150	300	5 January 2024

PIL is monitoring the Red Sea situation closely, and is working to minimise disruptions to our services. We appreciate your trust and understanding in these challenging times

If you require any clarification, please contact our local offices. Thank you.

Yours Sincerely,

Pacific International Lines

¹The geographical scope of Red Sea ports affected by this surcharge is as follows:

- Djibouti
- Egypt
- Jordan
- Saudi Arabia (West Coast)
- Somalia

MARIANA SHIPPING, JAPAN CO., LTD.
