PIL and PIL Logistics team up for the first time on a project shipment

24 January 2023

🚢💪 PIL and [PIL Logistics Pte Ltd](#) recently joined forces on the shipment of a yacht from Shanghai, China, to Auckland, New Zealand. This is the first breakbulk cargo collaboration between PIL Logistics (China) and PIL's Global Project Cargo & Special Cargo Desk, which was launched in the second half of 2023 to offer customers a suite of project cargo solutions, such as breakbulk and out-of-gauge solutions.

👍👉 To ensure an impeccable execution, PIL and PIL Logistics provided a comprehensive solution for origin handling, including customs declaration, discharging of cargo from original barge, transfer of cargo within the port terminal before finally loading the cargo onto the vessel. Both PIL and PIL Logistics collaborated closely to ensure that the project proceeded according to the plan and timeline.

🏢🌐 This successful shipment demonstrates how PIL is "Driving Connectivity" with our affiliated companies. By continuously Pushing Boundaries and leveraging each other's expertise, we can meet the needs of our customers with People-Centric solutions!
