PIL China welcomes the Lunar New Year

7 February 2023

📅 With the Lunar New Year just around the corner, our colleagues in China have been welcoming the Year of the Dragon in advance with a series of celebrations!

👤 On 26 January, PIL CEO Lars Kastrup and Executive Chairman Mr S.S. Teo graced PIL China's Annual Dinner held in Shanghai, where PIL China's headquarters is located. At the event, both Lars and Mr Teo expressed their heartfelt gratitude and appreciation to all colleagues for their diligence and dedication. Managing Director of PIL China Anderson Luo and Advisor of PIL China Klaus Ku were also present to join in the celebrations.

🏆 Across China, our offices held their own Lunar New Year celebrations too! Our local colleagues were treated to a sumptuous meal and captivating performances, and they had lots of fun playing exciting games and winning prizes! The teams also gave out Long Service Awards in recognition of our colleagues' commitment and devotion to PIL.

👤 With people at the heart of our PIL family, we take good care of our colleagues so that they can continue 'Driving Connectivity' for our customers. As the Lunar New Year approaches, we look forward to a bountiful and prosperous Year of the Dragon for everyone! 🐉
