PIL China continues award-winning streak

28 Feb 2024

🏆🏆🏆 Last month, PIL China continued its award-winning streak -- picking up three additional recognitions from Shanghai International Port Group (SIPG) for our service excellence!

🏢✅ The three awards that PIL received were in recognition of our container volume growth rate for the year 2023 at SIPG's Mingdong, Shangdong and Shengdong Terminals in Shanghai.

🌐🌍 These awards are the result of PIL's "People-Centric" commitment in doing our best to meet the needs of our partners and customers! We will certainly not rest on our laurels, and we will continue to deliver our best solutions to fulfil our mission of "Driving Connectivity" for the world!
