PIL commemorates International Women's Day

8 Mar 2024

 Today is International Women's Day! With this year's campaign theme being 'Inspire Inclusion', we celebrate the importance of diversity and the empowerment of women in society.

 At PIL, we value diversity and firmly believe in fairness for all our colleagues, because people are at the heart of our family. Under our "People-Centric" commitment, we've embarked on initiatives to ensure the growth and well-being of everyone in PIL regardless of gender.

 On this special occasion, we would like to show our appreciation to our female colleagues, who have broken down gender barriers in this traditionally male-dominated industry! Your courage and tenacity have played a vital role in inspiring other women to do the same and achieve success in their own ways!

 As PIL reaffirms our commitment to fostering diversity and creating an inclusive work environment, we also urge our female colleagues to keep up their incredible work and continue to be a source of inspiration for all other women around the world. Together, we can empower more women to overcome obstacles and realise their full potential!
