Beach clean-up in Bangladesh

3 Apr 2024

✈️💖 The PIL Bangladesh team recently organised a meaningful annual outing for our colleagues to contribute towards environmental sustainability - by cleaning up the beaches of Cox's Bazar!

🔧🗑️ Located on the southeast coast of Bangladesh, the city of Cox's Bazar has one of the longest beaches in the world. 48 colleagues from across the country gathered at this beach resort city and quickly got down to work. Under the team's collective effort, they've managed to clear 17 large bags of litter from the beaches!

🧐👁️ Putting on their Future-Focused lens, our Bangladeshi colleagues have taken action to drive a sustainable future with this purposeful initiative. With their hard work in clearing litter, our colleagues have created an enjoyable environment for beach goers while raising awareness on the importance of keeping the environment clean!
