PIL sponsors Asia Fruit Logistica's Business Meet-Up in

Bangkok, Thailand

4 Apr 2024

🤝🤝 PIL is proud to be a sponsor for ASIA FRUIT LOGISTICA's Business Meet-Up held yesterday in Bangkok, Thailand, in the lead-up to this year's Asia Fruit Logistica that will be held in Hong Kong soon!

👤🤝👤 This business meet-up session offers PIL a precious opportunity to engage with the fresh produce communities in Thailand. Our colleagues, including PIL Global Head of Reefer Sales Jean-Louis S., were present at the event to foster a closer relationship with local key buyers and players. By going the extra mile to understand their reefer needs, we can then come up with People-Centric solutions for them!

🤝🏢🌀 Our sponsorship and participation in Asia Fruit Logistica's series of events demonstrate our firm commitment in the reefer market. Through constantly Pushing Boundaries to think of innovative new ideas, we strive to provide better reefer solutions for our customers!

📅👁️ This September, PIL will once again participate in Asia Fruit Logistica, Asia's leading trade show for the international fresh produce business. Stay tuned to find out more details about our exhibition booth, where we show how PIL can empower you to deliver freshness to the world!
