“Driving Connectivity” with the Marine Department of the Hong Kong SAR

25 Apr 2024

🤝 Earlier this month, PIL Head of Fleet Division Goh Chung Hun paid a visit to the Marine Department of the Government of the Hong Kong Special Administrative Region of the People's Republic of China (MD) as part of our efforts to build relationships with authorities around the world. During the visit, Chung Hun exchanged valuable industry insights with the MD team, including Mr Jerry Tang, Assistant Director of Shipping, and Mr Stanley Lui, General Manager of Ship Safety.

🚢🌐 In addition to “Driving Connectivity” for our customers, we are also “Driving Connectivity” with local authorities as we explore opportunities to deepen our industry cooperation with them. Leveraging each other’s strengths, we can work towards delivering better solutions for our customers and the world!
